Jenalex NEW Ergonomic Lift Trolleys: Quality - Certification - Warranty 10 2017

The **Jenalex / TAWI / PROTEMA** lift trolleys are among the lightest (aluminum construction) and most manoeuvrable on the market. The reliable **construction is maintenance-free**, with powerful electric motors that can handle a great deal on one charge. **More than 35,000 Protema lifting devices have been sold to 4,000 customers since 1978.**

Eight models handle weights from **PRO40** - 40 kg - **PRO80** - 80 kg - **PRO140** - 140 kg - **PRO180** - 180 kg – **PRO250** - 250 kg - Lifting starts at floor level and goes up to 7.5 feet. The **EasySqueeze** is used for gripping, rotating, tipping rolls or drums **PRO100ES** - 100 kg – **PRO200ES** - 200 kg. **CR80 - 176 lbs - Water Proof Lift = IP65certified!**
Accessories, platforms, forks, built-in scales, tipping, turning and squeezing devices, ladders help solve most handling situations.

Tawi/Protema is the sole manufacturer providing the Canadian market with such lifting devices using maintenance-free, valve regulated, rechargeable, lead acid batteries with built-in automatic electronic chargers. The batteries power **24-volt motors featuring self-stopping worm gears**. The Protema Lifting Devices use **belt driven fixtures** (platforms, forks, etc) for lifting. They also feature a **control system** for loading, monitoring and operation of the motor and attachments, **overload safe-guards** and **central safety brakes** on the rear wheels.

Warranty – TAWI/Protema offers a 1-Year Limited Warranty excluding transportation charges, provided the lifting device has been used under normal work conditions - 1 shift, and in accordance with the Instructions for Use. (6 months - 2 shift, 4 months - 3 shifts)

Spare parts stocked by Jenalex. **Training** can be arranged by Jenalex.

Electrical Approval In Canada we get an electrical Approval (Canadian Electrical Safety Code - CSA Model Code SPE 1000 & CEC Code Part-1, 2002) through special inspections done by an organisation which has been accredited by the Standards Council of Canada to approve electrical equipment, e.g. QPS Evaluation Services, Intertek Testing Services, CSA or Ontario Power Generation. **The Lifting device / trolley will be approved before delivery.**

CE-Certification the TAWI/Protema lifting devices have been certified through CE - Certification for Europe by third party certification: **INSPECTA Sweden. CE-Certificate INSPECTA 17-SKM-CM-0100.** INSPECTA is the equivalent to CSA in Canada.

Declaration of Conformity According to 2006/42/EG Annex IIA.

This Declaration of conformity is only valid when using TAWI authorised tools.

It is hereby confirmed that the machine mentioned is in compliance with the following directives: 2006/42/EG Machine Directive, 2014/30/EU EMC Directive.

The following harmonised standards have been used: 12100:2010 Safety of machinery - General principles for design - Risk assessment and risk reduction - SS-EN 349+A1:2008 Safety of machinery - Minimum gaps to avoid crushing of parts of the human body - SS-ISO 22915-16:2015 Industrial trucks - Verification of stability - Part 16: Pedestrian-propelled trucks - SS-EN ISO 3691-5:2015 Industrial trucks. Safety requirements and verification. Part 5: Pedestrian-propelled trucks - SS-EN 12895:2015 Industrial trucks - Electromagnetic compatibility - SS-EN 1175-1+A1:2010 Safety of industrial trucks - Electrical requirements - Part 1: General requirements for battery powered trucks - SS-EN ISO 13849-1:2008 Safety of machinery - Safety-related parts of control systems - Part 1: General principles for design) - SS-EN 60204-1 Safety of machinery – Electrical equipment of machines – Part 1: General requirements
PSR- Pre Safety Review - is the responsibility of the customer.

The attached third party CE certificate and the manufacturer's special inspection and the QPS special inspection to comply with the Canadian electrical code usually are what most companies use for the PSR in Canada.

Jenalex Inc – is the **Exclusive** Canadian Importer of TAWI / PROTEMA lift trolleys from Sweden.
